Announcements

- **Report cards go home today.** Please remember that numbers *CAN* go down due to 2 factors: how they did in that 9 weeks, and the material being covered within that 9 weeks. The report card in the last nine weeks will truly reflect how they did overall. I have requested conferences with so please contact me to let me know of your availability. If you can't get me on phone and I don't call you back, chances are my work phone is being its snooty self and will tell me your number (your **WORKING** number that you clearly called me on) isn't working. At this point email would be best.
- **Please continue reading** with your child at home, as this semester moves swiftly from a reading level F to a reading level I by the end of May. Thanks again and if you have any questions please don't hesitate to contact me.
- **For our last couple of months for reading** we will have a packet instead of a reading log. Now that the students have practiced strategies to become better readers, they will get a chance to put them altogether! Look out for a packet that deals with **NON-FICTION** books, but just one. When they finish the packet, send it back to school. They have until May 2nd.

Math

We are learning about balancing equations and connecting them to word problems.

Language Arts

We are learning how to dig deeper into research.

Science

We are exploring plants!
